JMobile® Studio

Enhancing the
"User Experience"

EXOR
America

About Us:

Exor is a Global Manufacturer of HMI & HMI with Control solutions focused on enhancing the "User Experience". Since 1971, Exor has been producing high quality, innovative, and visually appealing Human Machine Interface solutions. Our 40+ years of experience have led us to our flagship offer, JMobile Configuration Software, Series 500 Resistive Touch HMI, and Series 600 "True Glass" Capacitive Touch HMI. JMobile, alongside our 4+ decades of manufacturing excellence, offers industries' finest flexibility, connectivity, and portability; Web & Network enabled HMI solutions for secure control & data, anywhere, from any device. Exor's "modern" tool set allows for crafting a more visually appealing, better "User Experience". A true partner solution wrapped in Exor engineering and support services with the confidence of a 5 year Warranty.
