

Grinding Package

Grinding Package

The grinding package is the best way to get a flexible and multi functional grinding cell. Together with the swivel with tool changer the robot can be used for both material handling and grinding. Grinding and deburring can be made with a big variety of products and material. The flexibility given by the swivel with tool changer provides your working cell with unlimited possibilities and can easily be adjusted for new products and operations.

Advantages:

- Flexible programming
- Easy to add products
- Simple to install
- Multifunctional

Technical data for grinding tool

Voltage	11 - 36 volt, 3 fase
Power	0,4 kW
RPM	15.000 - 54.000
