

# Medium Robot Hose Package

## Hose package

The hose packages will simplify the installation of extra cabling for all material handling applications. Together with our swivel the upper arm hose design allows the robot to move freely and with no force to the application cabling. Without swivel there will be a limitation on the 4-6:e axes movement. The design of the hose package has a well proven technology and gives your cabling a longer lifetime. The hose package includes all necessary bolts and brackets- for your ABB robot.

## Advantages:

- No tension on application cabling
- Pre designed and function tested
- Easy to install
- Proven technology

## Technical data

Part no.	P0060	P0061	3HXC0100-544	3HXC0100-546
ABB Robot	IRB 4400	IRB 4400L/30	IRB 4400	IRB 4400
Hose Length (m)	2.4	3.3	4.2	2.5
d (mm)	36	36	70	46
D (mm)	42	42	80	55s
Included cabling	None	None	None	None
